With our utmost sincerity, we celebrate with you Dar Al-Hijrah Islamic Center's accomplishment of 30 years with great enthusiasm and affection.

Dar Al-Hijrah's presence is a symbol of hope for a brighter future for the entire Muslim Community. The building itself is truly a landmark which also serves as a safe bridge with our neighbors of different faiths.

We anticipate that the future years will be even better in serving our community with much conviction, positive measures and unity.

We pray that Allah will Bless Dar Al-Hijrah's continued efforts in strengthening our lives and our neighbors with peace and faith.

With sincere wishes and congratulations;

Anwar Hajjaj, Ph.D  
Director of the American Open University
